COUNTY OF MERCER, NEW JERSEY

INTRODUCTION

The Mercer County Department of Human Services, Division of Community Services, announces the availability of Federal Community Service Block Grant (CSBG) funds for the period of October 1, 2015, to September 30, 2017, to provide case management for comprehensive social service programs annually to no less than seventy-five (75) low-income, Mercer County residents who are up to 125% of the Federal Poverty Level. Contract awards are in an annual amount of up to \$100,000 (not to exceed \$55,000 per year in CSBG funding and \$45,000 per year in Mercer County direct funding). Funding is contingent upon approval of and inclusion in the 2015, 2016, and 2017 Mercer County budgets and the 2015, 2016, and 2017 New Jersey Department of Community Affairs (NJDCA) budgets, which are contingent upon receiving federal CSBG funds from the U.S. Department of Health and Human Services.

It is imperative that a cost per unit breakdown be provided for all programs and/or services as part of the proposal submission based on the proposed award amount.

In addition, logic models (Attachment C) must be assigned and budgeted to the total dollar amount (\$100,000 per year) and be in compliance with the National Performance Indicators and ROMA Goals as indicated in Attachment C. Seventy-five (75) clients, the annual minimum projected number of case management clients, must be projected in the Service/Activity column of the logic models. An example of a logic model form is included in Attachment C. Please select any logic model that pertains to your agency's case management programs.

Logic models should be downloaded from:

<http://www.nj.gov/dca/divisions/dhcr/offices/romalogmods.html>

Please note that you must download logic models from the site for this proposal. Do not update old logic models that you may have. Changes have been made to the logic models, and your proposal packet for this RFP must include the updated logic models from NJDCA's website. Outdated logic models will not be accepted, and you may not create your own logic models. Also, please note that all columns must be answered.

LOCATIONS AND ESTIMATE OF QUANTITIES

The County of Mercer reserves the right to add locations and/or increase or decrease the quantities as may be deemed reasonably necessary or desirable to complete the work detailed by the contract. **STATEMENT OF CORPORATION OWNERSHIP 52:25-24.2. BIDDERS TO SUPPLY
STATEMENT OF OWNERSHIP OF 10% INTEREST IN CORPORATION OR
PARTNERSHIP**

No corporation or partnership shall be awarded any contract nor shall any agreement be entered into for the performance of any work or the furnishing of any materials or supplies, the cost of which is to be paid with or out of any public funds, by the State, or any county, municipality or school district, or any subsidiary or agency of the State, or of any county, municipality or school district, or by any authority, board, or commission which exercises governmental functions, unless prior to the receipt of the bid or accompanying the bid, of said corporation or said partnership, there is submitted a statement setting forth the names and addresses of all stockholders in the corporation or partnership who own 10% or more of its stock, of any class or of all individual partners in the partnership who own a 10% or greater interest therein, as the case may be. Business Registration P.L. 2009, c.315 (For-Profit businesses/corporations only)

This reforms Business Registration Certificate (BRC) filing and permits filing prior to award of contracts if not filed with bid. Effective with bids received and contracts awarded after January 18, 2010, this law removes the requirement of the Local Public Contracts Law ([N.J.S.A. 40A:11-23.2](#)) that required a bid to be rejected if the bidder failed to include a BRC with the bid, even though it may have been the otherwise lowest responsible bid. The law now allows the BRC to be filed anytime prior to award of the contract and the bidder had to have obtained the BRC prior to receipt of bids. This permits the BRC to be required with a bid, or submitted subsequently. If a BRC is required in a bid, but not submitted with the bid, it would be an immaterial defect; curable by being filed prior to award of the contract. A BRC is obtained from the New Jersey Division of Revenue. Information on obtaining a BRC is available on the internet at www.nj.gov/treasury/revenue or by phone at (609) 292-1730.

Pay to Play

Starting in January 2007, business entities are advised of their responsibility to file an annual disclosure statement of political contributions with the New Jersey Election Law Enforcement Commission (ELEC) pursuant to N.J.S.A. 19:44A-20.27 if they receive contracts in excess of \$50,000 from public entities in a calendar year. Business entities

are responsible for determining if filing is necessary. Additional information on this requirement is available from ELEC at 888-313-3532 or at www.elec.state.nj.us.

Insurance and Indemnification

If it becomes necessary for the contractor, either as principal or by agent or employee, to enter upon the premises or property of the owner in order to construct, erect, inspect, make delivery, or remove property hereunder, the contractor hereby covenants and agrees to take use, provide and make all proper, necessary and sufficient precautions, safeguards, and protection against the occurrence of happenings of any accident, injuries, damages, or hurt to person or property during the course of the work herein covered and his/her sole responsibility.

The contractor further covenants and agrees to indemnify and save harmless the owner from the payment of all sums of money or any other consideration(s) by reason of any or all such accidents, injuries, damages, or hurt that may happen or occur upon or about such work and all fines, penalties, and loss incurred for or by reason of the violation of any owner regulation or ordinance or the laws of the State or the United States while said work is in progress.

The contractor shall maintain sufficient insurance to protect against all claims under Workers Compensation as statutorily required, General Liability in the amount of \$1,000,000.00 single occurrence and \$2,000,000.00 general aggregate, and Automobile Insurance in the amount of \$1,000,000.00 combined single limit. Vendors are responsible to provide updated certificates as policies renew. Depending upon the scope of work and goods or services provided, specific types of insurance may not be required. The Mercer County Division of Insurance and Property Management will make this determination.

In all cases where a Certificate of Insurance is required, the County of Mercer is to be named as an additional insured and named as the certificate holder as follows: "County of Mercer, 640 South Broad Street, P.O. Box 8068 Trenton, N.J. 08650-0068". The Certificate shall contain a 30-day notice of cancellation. Additionally, if the program for which your agency is applying provides transportation to consumers and/or clients, the County of Mercer must be named as an additional insured with the agency's automobile insurance.

Please note: A change to the ACCORD insurance certificate precludes placing the number of days for cancellation notification in the lower right hand box. You may fulfill the requirement for a 30-day notice of cancellation for the insurance required to be submitted for a County of Mercer contract in any one of the following ways:

1. Indicate a 30-day notice of cancellation in the Description of Operations box at the bottom of the certificate.
2. Indicate a 30-day notice of cancellation on a separate page.

3. Provide a copy of the cancellation clause from the policy (you do not need to provide a copy of the entire policy, only the page(s) referencing the cancellation clause).

AUTOMOBILE INSURANCE is required in the following situations:

- Clients/consumers are being transported under your contract with the County.
- You are on County property to execute your contract, including delivery of items.

For most contracts the automobile insurance requirement is \$1 million combined single limit. Also, the County of Mercer shall be named as additional insured and as certificate holder. The certificate holder address shall be as follows: County of Mercer, 640 South Broad Street, P.O. Box 8068, Trenton, NJ 08650-0068.

WORKERS' COMPENSATION

Vendors are required to provide proof of Workers' Compensation coverage.

The County of Mercer requires a 30-day notice of cancellation (excluding cancellation for non-payment) as part of its insurance requirements. **This requirement applies to workers' compensation policies unless you are self-insured.**

The certificate holder address shall be as follows: County of Mercer, 640 South Broad Street, P.O. Box 8068, Trenton, NJ 08650-0068.

If further clarification is needed, please contact the Insurance and Property Management office at 609-989-6655.

This is the signed proposal form and is required as the authorized signer is attesting that he/she has read the Instructions, Affidavits and Scope of Work(Services). A proposal is not valid if it is not signed.

MULTIPLE PROPOSALS

More than one proposal per funding category from an individual, a firm or partnership, a corporation or association under the same or different names shall not be considered. If an agency applies for multiple funding categories, a separate, complete proposal and packet of forms is necessary for each category for which are applied.

NOTICE OF AWARD

The successful respondent will be notified of the award of contract upon a favorable decision by the County of Mercer.

PROPOSALS TO REMAIN SUBJECT TO ACCEPTANCE

RFP responses shall remain open for a period of sixty (60) calendar days from the stated submittal date. The County of Mercer will either award the contract within the applicable time period or reject all proposals.

The County may extend the decision to award or reject all proposals beyond the sixty (60) calendar days when the proposals of any respondents who consent thereto may, at the request of the County, be held for consideration for such longer period as may be agreed.

BID PROHIBITED

It is understood by the respondent that, if awarded a contract through the request for proposal process, the prime contractor and any subcontractors utilized for these services are prohibited from bidding the resultant goods or services required to implement the project.

FAILURE TO ENTER CONTRACT

Should the respondent to whom the contract is awarded fail to enter into a contract within ten (10) days, Sundays and holidays excepted, the owner may then, at its option, accept the proposal of another respondent.

TERMINATION OF CONTRACT

If, through any cause, the contractor shall fail to fulfill in a timely and proper manner obligations under the contract or if the contractor violates any requirements of the contract, the owner shall thereupon have the right to terminate the contract by giving written notice to the contractor of such termination at least sixty (60) days prior to the proposed effective date of the termination. Such termination shall relieve the owner of any obligation for the balances to the contractor of any sum or sums set forth in the contract.

The contract may be terminated by either party upon sixty (60) days written notice to that effect, forwarded to the other party desiring to terminate the contract and thereupon payments under this contract shall be paid to the terminal date based on the expenditure reports submitted. In the event of cancellation of this contract, the contractor agrees to furnish the County such reports as may be requested based upon work completed under the provisions of this contract.

The contractor agrees to indemnify and hold the County of Mercer harmless from any liability to subcontractors concerning payment for services performed arising out of the lawful termination of the contract by the County under this provision. In case of default by the contractor, the County may procure the services from other sources and hold the contractor responsible for any excess cost occasioned thereby.

CHALLENGE OF SPECIFICATIONS

Any respondent who wishes to challenge a specification shall file such challenge in writing with the County contact no less than three (3) business days prior to the opening of the proposals. Challenges filed after that time shall be considered void and having no impact on the owner or the award of contract.

TRANSITIONAL PERIOD

In the event services are terminated by contract expiration or by voluntary termination by either the contractor or the County of Mercer, the contractor shall continue all terms and conditions of said contract for a period not to exceed thirty (30) days at the County's request.

PAYMENT

Invoices shall specify, in detail, the period for which payment is claimed, the services performed during the prescribed period, the amount claimed, and correlation between the services claimed.

The owner may withhold all or partial payments on account of subsequently discovered evidence including but not limited to the following:

- Deliverables not complying with the project specification;
- Claims filed or responsible evidence indicating probability of filing claims;
- A reasonable doubt that the contract can be completed for the balance then unpaid.

When the above grounds are removed, payment shall be made for amounts withheld because of them.

COST LIABILITY AND ADDITIONAL COSTS

The County of Mercer assumes no responsibility and liability for costs incurred by the respondents prior to the issuance of an agreement. The liability shall be limited to the terms and conditions of the contract.

Respondents will assume responsibility for all costs not stated in the proposals. All hourly rates either stated in the proposal or used as a basis for pricing are required to be all-inclusive. Additional charges, unless incurred for additional work performed by request of the County of Mercer, for indirect costs, fees, postage, licensing, commissions, taxes, travel, subsistence, report preparation, meetings, administrative tasks, administrative and clerical support, overhead, etc., are not to be billed and will not be paid.

COMMENCEMENT OF WORK/TIME OF COMPLETION

The contractor agrees to commence work on the project within thirty (30) calendar days from the date of award by the County of Mercer, unless otherwise specified.

It expressly is understood and agreed, by and between the respondent and the County, that the time of completion of the service described herein is a reasonable time for completion of same.

GENERAL CONSIDERATIONS

Competitive Contracting is a formal procurement process governed by the New Jersey State Local Public Contracts Law and Rules. The process utilizes an RFP containing thoroughly developed specifications and scope of services, criteria for evaluating proposals, and statutorily required language and forms. Responses are ranked by a team on the RFP criteria, using a detailed methodology leading to a recommendation to the governing body to award a contract based on price and other factors.

PROVIDING INFORMATION

Information will be made available at the County Division/Office during regular business hours. The County of Mercer shall provide access, within reason, and at no cost to the contractor, to all information on file with the County and needed by the contractor to complete the project.

SUBCONTRACTORS (IF APPLICABLE)

Respondents may engage the services of subcontractors for completion of this project. If the proposal involves any subcontractors, full details on the nature of the work to be performed by them and the location in which the work is to be performed must be provided. The respondent understands that if selected, the use of subcontractors must be approved in writing by the County prior to initiating any subcontracted work.

IMMIGRATION AND NATURALIZATION LAWS AND CRIMINAL BACKGROUND CHECK (AS APPLICABLE)

The vendor must comply with all immigration and naturalization laws as are currently in force on each potential employee to work under this contract on County of Mercer property and will not employ individuals who are not properly registered with the United States Citizenship and Immigration Service. Successful proposer will provide a photocopy of the Alien Registration Form or I-94 Arrival/Departure Form to the County of Mercer, Division of Community Service, at least ten (10) days prior to any of its employees being permitted to work under this contract on County of Mercer property.

The vendor must contact the New Jersey State Police to perform a criminal background check on each potential employee to work under this contract on County of Mercer property. A copy of the results of the criminal background check must be provided to the County of Mercer Division of Community Services at least ten (10) days prior to an employee being permitted access to County of Mercer property. The County of Mercer will notify the vendor if a proposed vendor employee will not be permitted to work under this contract within ten (10) work days following receipt of the results. If the County of Mercer does not notify the vendor of such exclusion within ten (10) days the vendor may assign said employee to work under the contract.

The vendor must also inform the County of Mercer of all immigration and naturalization status changes and arrests of its employees working under this contract on County of Mercer property for the duration of the contract. In this regard, the vendor shall make

quarterly inquiry of all employees working under this contract as to any immigration and naturalization changes and employee arrests.

The vendor must provide a photocopy of the Alien Registration Form or I-94 Arrival/Departure Form and the results of a criminal background check on its employees working under the contract on County of Mercer property every twelve (12) months. Please access the following website for Instructions for obtaining a criminal history record: http://www.state.nj.us/njsp/about/serv_chrc.html

LOCATION OF SERVICING OFFICE

The proposal must list the location and address of the present, active office that will service and manage this project.

EVALUATION, REVIEW, AND SELECTION PROCESS

All proposals received by the deadline will be reviewed first for substantial compliance with this RFP and for fulfillment of the mandatory requirements. Proposals that are late, non-compliant, or fail to meet the minimum mandatory requirements will not be evaluated.

Proposals that are timely, compliant, and meet the minimum mandatory requirements will be reviewed by an evaluation committee. Only members of the evaluation committee will grade the proposals. A minimum average score of 70% is needed to receive funding; however, the County reserves the right to make the final funding decision.

The County of Mercer reserves the option of awarding multiple contracts based on the evaluation criteria and such contracts shall be awarded at the unit cost per service reflected in the contractor's proposal.

EVALUATION PROCESS

An evaluation team will review all proposals to determine if they satisfy the proposal requirements, determine if a proposal should be rejected and evaluate the proposals based upon the evaluation criteria.

UNDERSTANDING OF THE REQUESTED WORK

This will be based on the quality of the content of the proposal and the respondent's ability to communicate a thorough understanding of the required tasks and the approach to meet the scope of work outlined in the RFP. The proposals will be evaluated for general compliance with the instructions and requests issued in the RFP. Noncompliance with the significant instructions will be grounds for disqualification of proposals.

TECHNICAL CRITERIA

The submitted proposal demonstrates a clear and concise methodology, which emphasizes an understanding of the scope of work and related objectives. The proposal

documents the use of innovative technology and techniques and is responsive overall to the RFP requirements. Budget narrative, budget forms, and logic models are typed and complete.

KNOWLEDGE AND PROFESSIONAL COMPETENCE

This includes the ability of the respondent to perform all of the tasks and fulfill adequately the stated requirements. The prospective contractor will be evaluated on suitability for the tasks required. Proposals should contain complete discussions regarding technical processes and qualifications. Receipt of high-quality service is of great importance to the County. Disregard of this directive may disqualify the respondent from further consideration.

MANAGEMENT CRITERIA

The submitted proposal conveys a philosophy/mission statement in the agency overview. It also demonstrates a comprehensive description of the assessment process, enrollment process, and the length of time from referral to acceptance. Applicants must clearly define a “Unit of Service” along with the minimum and maximum number of unduplicated consumers. The submitted proposal documents a history of developing an effective plan to meet the needs of the client population from the time of admission to discharge. The applicant must demonstrate measurable and realistic time frames for evaluating the status of the client plan of service. In addition, the applicant must establish criteria for successful completion of or negative discharge from the program. Applicants must demonstrate sound management practices and procedures through their proposals, to be considered for funding. Goals, objectives, number of clients, levels of service, and outcomes for program areas are defined and measurable.

ABILITY TO COMPLETE THE PROJECT IN A TIMELY MANNER

This is based on the estimated duration of the tasks and overall schedule and the respondent’s ability to accomplish these tasks as stated. The County of Mercer is interested in the ability of the contractor to complete the project in a competent and expeditious manner based on the workload of the firm, availability of qualified staff, equipment, and facilities.

Respondents have the option of engaging the services of subcontractors for completion of this project. If the proposal involves any subcontractors, provide full details on the nature of work to be performed by them and the location in which the work is to be performed.

MANAGEMENT, EXPERIENCE, AND PERSONNEL QUALIFICATIONS

An employee of the respondent shall be identified as the project manager. Technical expertise of the firm shall be demonstrated by past successes providing government agencies and private companies with similar services. The project manager and other key personnel will be evaluated on knowledge, experience, prior collaboration and successful completion of services similar to that requested in this RFP.

COST CRITERIA

Costs are reasonable and represent an effective and efficient use of public funds. Effective coordination/integration of proposed Mercer County funding with existing resources is expected. Identify the unit cost as it relates to amount of funding provided and expected level of service.

SCOPE OF SERVICES

The Mercer County Division of Community Services works hand-in-hand in compliance with NJDCA in administering the Mercer County CSBG Program to countywide residents who meet income-eligible guidelines as set forth by the National Association for State Community Services Programs (NASCSPP) Federal Poverty Guidelines. Eligible clients/families will receive case management for comprehensive social services programs that include emergency food assistance/food pantry services; information and referral; employment services; income maintenance; health, nutrition and general services; and youth programs.

In Mercer County, the concept of neighbors working together to help each other in their community is a cornerstone of community development. Funding community-based organizations to develop and maximize services and resources for low-income clients is a key step in leading clients and communities toward self-sufficiency.

Applicants must have experience in providing case management and running social-service programs for the low-income community.

Case management entails providing families and/or individuals with supports and linkages to needed services both face-to-face and telephonically, although for this grant the first case management encounter must be face-to-face for it to be counted as such. Contact for services for and behalf of identified clients are considered case management. All case management services must be documented in the CSST database (or EmpowOR, once this database becomes available).

Please note that providing service to an individual/family without having them meet with a case manager is not considered case management.

Although food pantry is a logic model used in the CSBG program, those clients will not be considered as part of the 75 to be case managed unless they met with a case manager at least once to discuss their situation and services they may need.

Community centers must be located within Mercer County and applicants must demonstrate a significant amount of its residents who are up to 125% of the federal poverty level. Each proposal must address only one municipality, the City of Trenton being excluded.

TARGET POPULATION

The agency must provide case management for social services to at least 75 individuals and/or families who meet the low-income criteria (up to 125% of the federal poverty level) as established by the Federal Poverty Level (see below). Goals, services, benchmarks, and outcomes must be in line with Federal ROMA standards and CSBG National Performance Indicators, as assigned in the ROMA logic models in Attachment C.

CSBG Program Income Guidelines for 2015

<u>Family Size</u>	<u>100%</u>	<u>125%</u>
1	\$11,770	\$14,712

5	\$28,410	\$35,512
6	\$32,570	\$40,712
7	\$36,730	\$45,912
8	\$40,890	\$51,112
For each additional person, add	\$4,160	\$5,200

As published in the *Federal Register* on January 22, 2015.

Please note that everyone 18 or older must be able to prove whether he or she has income. Recipients of CSBG services may not self-certify that he or she does not have income.

Please prepare a typed budget for a one (1) year fiscal period of October 1, 2015, through September 30, 2016. We will assume the budget will remain the same for the period of October 1, 2016, through September 30, 2017.

When preparing the proposal, applicants should prepare their budget requests for a total of \$100,000 annually, and clearly delineate the CSBG and Mercer County portions separately within the budget. The final FY 2016 and FY 2017 allocation has not been authorized by Congress and may not be known until next year. Each funded agency's final allocation will be calculated once the final budget from Congress has been authorized.

Please submit all budget forms, even if they are not applicable to your agency. If they are not applicable, please mark an "N/A" on them and submit them. Failure to do so will result in points lost during the proposal review period.

Please note that, upon review of your agency's proposal, the County of Mercer can offer your agency a contract with an amount that differs from what your proposal requested. If this occurs, your agency will be asked to submit an amended budget narrative illustrating this new amount before the contract can route to the Board of Chosen Freeholders.

Please note that a maximum of 15% (\$15,000) of the total possible contracted amount may be used for administrative expenses, but these expenses may only be charged to County funds. No CSBG funds may be used for administrative expenses.

Attachment C

ATTACHMENT C: CSBG LOGIC MODELS

The submitted proposal for this award must include logic models assigned to 100% of your “projected” case management clients, which must equal a minimum of seventy-five (75) projected clients annually.

Logic models must be in compliance with the National Performance Indicators and Federal ROMA Goals.

Federal CSBG Goals:

Service units are defined by the NJDCA Results Based Contracting Standards and are consistent with the Federal CSBG goals, which include the following:

- Provide case management and services that increase the number of individuals who become self-sufficient.
- Facilitate improvement of the conditions in which low-income people live.
- Provide support and resources that increase collaboration among community-based providers, state agencies, local and county governments.
- Strengthen the organizations’ ability to collect and analyze data and to use that information for the purposes of strengthening and improving programs and achieving measurable outcomes.
- Increase, develop and strengthen programs and services that address problems identified in the communities’ needs assessment.

ROMA:

ROMA was created in 1994 by an ongoing task force of federal, state and local community action officials – the Monitoring and Assessment Task Force (MATF). Based upon principles contained in the Government Performance and Results Act of 1993, ROMA provides a framework for continuous growth and improvement among more than 1,000 local community action agencies and a basis for state leadership and assistance toward those ends.

Since 1994, the Community Services Network has been guided by six broad anti-poverty goals established by the MATF:

Goal 1: Low-income people become more self-sufficient.

Goal 2: The conditions in which low-income people live are improved.

Goal 3: Low-income people own a stake in their community.

Goal 4: Partnerships among supporters and providers of service to low-income people are achieved.

Goal 5: Agencies increase their capacity to achieve results.

Goal 6: Low-income people, especially vulnerable populations, achieve their potential by strengthening family and other supportive systems.

ASSIGNING LOGIC MODELS

Using ROMA logic models is the current mandated method of projecting services/activities and tracking client benchmarks and outcomes.

Please download any logic models that pertain to your case management program/services and *project* the anticipated number of clients and/or families in the Service/Activity column. Total client count must equal a minimum of seventy-five (75) projected clients per year.

Logic models must be budgeted to the requested dollar amount of this grant (up to \$100,000 per year). Logic models should be complete for the one-year period of October 1, 2015, through September 30, 2017. We will assume the logic models will be the same for the period of October 1, 2016, through September 30, 2017.

Download logic models at
<http://www.nj.gov/dca/divisions/dhcr/offices/romalogmods.html>

Please note that you must download logic models from the site for this proposal. Do not update old logic models that you may have. Changes have been made to the logic models, and your proposal packet for this RFP must include the updated logic models from NJDCA's website. Outdated logic models will not be accepted, and we ask that you do not create your own logic models. Also, please note that all columns must be answered.

Logic Model Benchmarks/Milestones and Outcomes are to be tracked and reported with each case client and will be reviewed quarterly.

CSST SOFTWARE – As a mandate through NJDCA, agencies awarded this grant will be required to track and report their case management clients through CSST (Client Social Services Tracker). All entries must be entered into CSST no later than five business days after the date of client visit/ contact and/or after service is completed, partially completed, denied, etc. Furthermore, if entries are not in CSST by the end of each quarter, they will not be reported in the County's quarterly reports to NJDCA, nor will they count toward the 75-client total the agency must reach each year.

Miles Technologies, the company that developed and hosts CSST, is working on a new web-based program called EmpowOR, which is scheduled take the place of CSST in fiscal 2016. EmpowOR is being developed to be HMIS certified. Agencies will be expected to enter data into EmpowOR once the program goes live. Training will be provided.

The Commission will examine the circumstances of the particular employment relationship and the job functions performed by the individual in determining whether an individual in determining whether an individual acts in either a supervisory or agency capacity.

(d) With respect to conduct between fellow employees, employer is responsible for acts of sexual harassment in the workplace where the employer (or its agents or supervisory employees) knows or should have known of the conduct, unless it can be show that it took immediate and appropriate corrective action.

In reviewing these cases the Commission will consider the extent of the employer's control and any other legal responsibility, which the employer may have with respect to the conduct of such non-employees.
